

Update on "Priya"

Dear Larbert West Kirk Session

It is a pleasure for me to greet you and thank you for your continuous support. I am delighted to tell you about the progress of your sponsored child, made during the year and to express how much I appreciate your help.

Priya is a quiet and kind girl. She shares a warm relationship with her SOS mother and siblings. She is helpful in nature. "Priya is a gentle girl. She is caring and follows my instructions. She helps me with household chores whenever she can. All her younger SOS brothers and sisters love her" says her SOS mother. Priya helps her SOS mother with the kitchen garden. She likes her SOS mother's cooking a lot. She knows hard work takes one far in life. She never says no to any work. She helps keep the house clean and enjoys gardening too.

Priya is a bright child with the sweetest voice. Priya passed her class 10th public exam with excellent marks and has opted for the Science stream for her 1st year Pre University Course (grade 11). Priya is taking extra tuitions in Physics, Chemistry and Biology and is leaving no stone unturned to maintain her good marks from last year. She has a beautiful voice which she has used to perform at various functions in her school. She also recently performed at the fresher's function in her college. She also has plenty of creative instincts and has won several accolades for her sketching work as well as paintings. Priya is attached to her SOS family and receives a lot of motivation from them.

Priya likes to involve herself in a variety of activities. She enjoys dancing and never lets go of a chance to perform. She takes part in all cultural programs at her school and SOS village. She won 2nd prize at school level singing competition. Everyone appreciates her performance. She enjoys playing outdoor games a lot. Basketball and badminton are her favourite sport activities. Landscape drawing and sketching are also activities she enjoys. She loves to watch television with her SOS family. She also enjoys carom and chess with her siblings and friends in the evenings. She learned to ride a bicycle from her elder SOS sister. She enjoys taking her bicycle out for an evening ride through the SOS village. Priya loves celebrating all festivals with her SOS family. Diwali (festival of lights) is her favourite festival. "I love the lights and the happy mood of everyone. We burst crackers, wear new clothes and help our SOS mother prepare sweets. It is a lot of fun" she says.

The SOS family bond extends to you for supporting Priya. She cherishes her loving SOS family. And she is grateful to you for the same. Her SOS mother sees her as a blessing for the SOS family. She has a safe and secure life at the village. She may be a child today, but she has an exciting future waiting for her. We are confident she will sustain her interest in studies. She understands the importance of studies in her life.

Today, this young girl has a loving family and secure home. She has access to a decent life and education. Without your sponsorship, none of it would be possible. I thank you for your kind and generous support to her. I hope for your continued support for Priya. She deserves a chance to fulfil her aspirations and progress in life.

Thank you for your support once again.

Yours sincerely,
